Finding Your Way

Finding your way in Fort Belvoir Community Hospital is simple, thanks to a wayfinding system designed with our patients in mind. Each building is identified by a unique logo and color, shown here:

To locate a clinic or department, simply use the directory included in this campus guide, along with the directional signs throughout the hospital. The directory provides the location, and signs throughout the hospital will guide you there using the logos and colors shown above.

In the directory provided here, the location of clinics and departments is identified by building, floor number, and reception or room number.

For example, the location of Family Medicine is shown as “Eagle, Floor 1, Reception 2.” A patient going to Family Medicine would simply follow directional signs throughout the hospital to Eagle Pavilion, and then use easily identifiable signs within Eagle Pavilion to find the clinic.

Please let us know if we can help you find your way in the hospital — our Ambassadors and Information Desk staff are available to provide personal assistance at each main entrance, and we invite you to request assistance from any staff member at any time. The phone numbers for each clinic are included on the directory in this guide as well — please use them to reach the clinics for additional personal assistance.

We sincerely thank you for giving us the opportunity to serve you. We value your opinion and are dedicated to ensuring your time with us is positive, so please let us know how we can best serve you and your family to meet your health care needs.
